Dear Sirs:

Subject: NOTICE OF TENTATIVE APPROVAL - M/021/030

Attached is a Notice of Tentative Approval from the Division of Oil, Gas and Mining, Department of Natural Resources, State of Utah.

It is requested that this notice be published ONCE ONLY as soon as possible, but no later than the 1st day of October, 2003. In the event that said notice cannot be published by this date, please notify me immediately by calling 538-5291.

Upon completion of this request, please send proof of publication and statement of cost to the Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801; phone (801) 538-5340.

Sincerely,

/s/

Joelle Burns, Minerals Secretary
Division of Oil, Gas and Mining

I faxed this notice to your office as well. Thank you - Joelle

BEFORE THE DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
STATE OF UTAH

---ooOoo---

IN THE MATTER OF TENTATIVE :
DECISION TO APPROVE A LARGE NOTICE OF TENTATIVE
MINING AND RECLAMATION PLAN : DECISION TO APPROVE
FOR NEIL BRADSHAW'S BRIGHT MINE,
IRON COUNTY, UTAH : NO. M/021/030

---ooOoo---

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION, MINERAL AND
ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS INTERESTED IN SECTIONS 21, 22,
27, 28 AND 33, TOWNSHIP 35 SOUTH, RANGE 17 WEST, SLBM, IRON COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining of its
tentative decision to approve the Large Mining Operations Notice of
Intention for Neil Bradshaw's Bright Mine. Mining activities will affect
portions of the following areas: SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 21, SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of
Section 22, NW $\frac{1}{4}$ of Section 27, E $\frac{1}{2}$ E $\frac{1}{2}$ of Section 28, NE $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section
33, Township 35 South, Range 17 West, SLBM, Iron County, Utah.

Neil Bradshaw has submitted a permit application to expand an existing small
mining project to a large mining operation. Reclamation bonding has been
posted with the Bureau of Land Management for the existing mine
disturbances. Full surety will be provided to the Division for the balance
of the proposed project disturbance. The operator will employ the following
mining and reclamation techniques on approximately 19 acres of federal land.

During Operations:

As quarries are mined out, these areas will be partially backfilled with any
reject raw quarried rock together with unmarketable surplus processed
material.

After Operations:

Quarry areas will be partially backfilled with both waste rock and
surplus/unmarketable material process fines, placement of fines on pit
floors, replacement of salvaged topsoil onto the screened fines and
broadcast seeding. Quarry highwalls will be reduced to 45 degrees or less
either by cutting back the wall, or backfilling against the highwall with
waste rock.

Reclamation of processing areas will consist of regrading to conform to the
approximate original contours. After the salvaged topsoil is respread,

composted manure will be applied, followed by ripping the surface 18" to 24" deep and broadcast seeding with an approved seedmix suited to the postmining land use.

Mr. Bradshaw is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975, Utah Code Ann. §40-8-18.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Mary Ann Wright, Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801, setting forth factual reasons for the complaint. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division will be final.

DATED THIS 26th day of September, 2003

STATE OF UTAH
DIVISION OF OIL, GAS AND MINING

/s/
Lowell P. Braxton
Director
